authorities. Management has analyzed the tax positions taken by the Foundation, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the accompanying consolidated financial statements. The Foundation is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

As such, the Foundation is generally exempt from income taxes. However, the Foundation is required to file Federal Form 990 - Return of Organization Exempt from Income Tax which is an informational return only. With the exception of RST, the activities of the RSGF subsidiaries are combined with the activities of the Foundation for tax purposes. RST files a separate return that is not consolidated with the Foundation and other supporting entities.

Part II, Line 1 - Method of Accounting

Renaissance Charitable Foundation Inc. ("Foundation") applies a risk-based approach to its grant making decisions, which is executed per our written Grantmaking Due Diligence Policy. Our overall policy encompasses grants to charities inside the United States as well as to organizations outside the United States. This policy is designed to substantially reduce the danger of our grants being: made to an organization engaged in terrorist activities; used for non-charitable purposes; or made to an organization known by the Foundation to violate its agreements. The recipient of each of the Foundation's grants must agree to fully expend the grant money exclusively for purposes that the Foundation deems are "charitable" purposes.

The Foundation's due diligence activity for grant recipients that are foreign organizations include conversations between the Foundation's officers and the proposed grantee's officers/directors. If both organizations agree to continue working together to consider the grant, the proposed grantee submits an executed affidavit to the Foundation along with supporting documentation that describes the following information about the proposed grantee: organization structure; charitable operations; leadership personnel and structure; financial situation; and procedures upon dissolution. The Foundation's purpose in reviewing such affidavit and supporting documentation is to learn whether the Foundation (or its counsel) can make a good faith determination that the proposed grantee is an organization that could be described in §509(a) (1), (2), or (3) of the US Internal Revenue Code. If the Foundation determines the answer is yes, then the Foundation and the proposed grantee may enter into a formal, written grant agreement, which describes the timing and charitable purpose of the grant as well as the grantee's post-grant obligations. Before making a grant to a foreign organization, the Foundation conducts a terrorist check on both the organization and its key leaders through a third-party service.

Part V Supplemental Information

Provide the information required by Part I, line 2 (monitoring of funds); Part I, line 3, column (f) (accounting method; amounts of investments vs. expenditures per region); Part II, line 1 (accounting method); Part III (accounting method); and Part III, column (c) (estimated number of recipients), as applicable. Also complete this part to provide any additional information. See instructions.

Part II, Line 1 - Method of Accounting (continued)

The Foundation's general policy for making grants to foreign organizations is to wire cash from one of the Foundation's checking accounts to an account in the name of the grantee.
